Lehigh Yoga Club

With 47 members already, the Lehigh Yoga Club has made quite a presence on campus. They hold one hour yoga sessions two to three times a week that are open to anyone, and participated in the hugely successful Lehigh After Dark Event, "Yoga Remix". They hope to partner more with Lehigh After Dark and other organizations in the future. They are seeking Senate recognition to increase the club's presence on campus and have funding to purchase yoga mats for the students and potentially take field trips to various yoga centers around the Lehigh Valley.

It is the recommendation of the Club Affairs Committee that Student Senate XXIX accept the Lehigh Yoga Club for preliminary recognition.

APPROVED

LU MakerSpace

LU MakerSpace currently has 34 students and has held two very successful events. This club is trying to create more of a community feel in Wilbur powerhouse by

helping people get interested in making their own things and then helping them execute those plans. Events that they have held over during the year include making cookie cutters for the holidays and making aluminum roses on Valentine's Day. They have a very dedicated faculty advisor who wants to increase the usage of equipment at Wilbur powerhouse. They are seeking Senate recognition to gain a presence on campus and at the club fair, and to increase awareness of their club as an alternative stress reliever.

It is the recommendation of the Club Affairs Committee that Student Senate XXIX accept the LU MakerSpace for preliminary recognition.

APPROVED

Medical Anthropology Association

This club was formed after a student felt the need to provide a platform for multidisciplinary discussions about how healthcare is being influenced by different factors such as culture, religion, and politics. So far they have 30 members and plan to have monthly discussions on various topics, host presentations by students or professors, show movies, and host a half day symposium where they would invite professors from Lehigh and outside of Lehigh to speak. They are seeking Senate recognition to become a legitimate organization at Lehigh, to use university facilities and resources, and for Senate's support.

It is the recommendation of the Club Affairs Committee that Student Senate XXIX accept the Medical Anthropology Association for preliminary recognition.

APPROVED

Ascend Club

The Ascend Club is based on the national organization that is the largest, non-profit Pan-Asian organization for business professionals in North America. On Lehigh's campus they have 25 active members and aim to continuously influence the development of Lehigh students while serving as a collective voice for the members in the fields of Accounting and Finance. So far this year they have hosted events such as bubble tea and an introduction of their mentorship program, networking with the Big Four, and co-hosting events with other clubs on campus. They are seeking Senate recognition in hopes of gaining more members and possible funding and to help them provide better professional networking events.

It is the recommendation of the Club Affairs Committee that Student Senate XXIX accept the Ascend Club for full recognition.
