**Lehigh Barbell Club**

The Lehigh Barbell Club seeks to create a specific community of people that have a strong interest in the sports of powerlifting or Olympic weightlifting. They hope to get a larger group of people together at the gym who can train for their various goals, share ideas, and help push each other to improve. They would also like to do programming revolving around injury prevention and proper nutrition and physique. They plan to hold bi-weekly meetings as well as more casual meet-ups at the gym. Additionally, they currently have eleven members more than half of which is first-years and sophomores.

*It is the recommendation of the Club Affairs Committee that Student Senate XXIX accept the preliminary recognition for the Lehigh Barbell Club.*

**West Coast Club**

The West Coast Club aims to gather students from the West Coast to give them opportunities to network and meet new friends. Their club list contains four executive members right now as they are just beginning to gauge interest through word of mouth. They plan to have monthly, very informal, meetings centered on making friends with each other.

*It is the recommendation of the Club Affairs Committee that Student Senate XXIX reject the preliminary recognition for the West Coast Club.*

## Lehigh GeoWall Club

The GeoWall Club is centered on building geowalls and bringing their creations to competitions. They put four plastic boards around soil, then put paper in to reinforce the soil and then test the strength of the creation. They meet on a biweekly basis and plan to build several geowalls throughout the semester. They currently have eight members and plan to recruit more through first-year engineering classes where students build a geowall. They are seeking Student Senate recognition to be able to represent Lehigh at these competitions.

*It is the recommendation of the Club Affairs Committee that Student Senate XXIX accept the preliminary recognition for the Lehigh GeoWall Club.*

## Eta Kappa Nu

Eta Kappa Nu is an electrical and computer engineering honor society. Their 19 members represent the top of their class in terms of GPA and character. They have 43 potential new members. They offer networking, social, and service opportunities. Some events include lab clean up, tutoring, and engineering tours. They financially support themselves internally but would also like some Senate funding for recruiting purposes. Additionally, they would like to create more partnerships with other academic societies and increase the number of ECE majors at Lehigh.

*It is the recommendation of the Club Affairs Committee that Student Senate XXIX accept the full recognition for Eta Kappa Nu.*

## Recreational Tennis Club

This club has been formed by underclassmen that either did not make the Club Tennis Team or did not want to pay dues for it. They hope to meet on a weekly basis for anyone who wants to play in their spare time. In just one day, 26 people expressed interest. In addition to having casual games they would like to hold internal tournaments for fun. They would like to provide equipment for people who want to play but do not have their own. They are seeking Student Senate recognition to have the ability to reserve courts on Goodman campus.

*It is the recommendation of the Club Affairs Committee that Student Senate XXIX accept the preliminary recognition for the Recreational Tennis Club.*
