Funding Appeal

Organization: The Music Box

SSR28AL005-PASSED

Amount: \$0.00

The Music Box Club was appealing their funding for the year in the hope of funding a PA system and other various equipment as well as lessons from a local band. They are currently renting that equipment for each of their events for around \$150 per event. The Allocations Committee recognizes the club's significant growth over a short period but believes that although this club has some great ideas, we would like to observe continued growth and for the club to generate some of their own income to help cover costs before considering to fund them.
